Free Stroke Screenings

According to the American Stroke Association, stroke is the leading cause of major disability in the U.S. The earlier a stroke is recognized and treated, the greater chance of recovery. In an effort to educate the community on stroke awareness, UPMC Northwest experts will provide free health screenings and education to arm participants with lifesaving stroke information.

All screenings are free and include:

- Stroke risk assessment
- Carotid artery check
- Blood pressure
- Cholesterol (includes HDL, calculated LDL, triglycerides)*
- A1C and blood glucose
- Body fat analysis
- Osteoporosis screening
