

echocardiogram (for patients with history of cardiac disease)Most recent history, physical results, and/or discharge summary

• Results of previous transplant evaluations, if available

Most recent CT scan

Referral Form: UPMC Lung Transplant Program

Please complete ALL FIELDS of this form to expedite processing and fax to 412-864-5913. Once we have received the completed forms and records, patient will go through financial clearance, interview, and be scheduled for evaluation if the program director determines the patient is a lung transplant candidate. This process may take approximately 2-4 weeks.
