React **FAST** to Stroke Warning Signs

**FACE**
Does one side of the face look uneven or droop?  
Ask them to smile.

**ARMS**
Does one arm appear to be weak or numb?  
Ask them to raise both of their arms.  
Does one arm hang lower?

**SPEECH**
Does their speech seem unusual or slurred?  
Ask them to repeat a simple phrase.

**TIME**
If any of these signs are observed, call 9-1-1 immediately!

Every minute matters. React **FAST** by calling 911 at the first sign of a stroke.
