

UPMC PASSAVANT CARING FOR THE COMMUNITY

UPMC Passavant provides specialized medical, surgical, and outpatient care to residents of Pittsburgh's northern suburbs. A trusted member of the community, the hospital recently completed a \$144 million upgrade and expansion program that enhances the hospital's capabilities to care for a wide variety of health needs.

This year, UPMC Passavant celebrates 50 years of caring for its North Hills neighbors.

Community Benefits Contribution:	\$22.8 million
Free and Reduced Cost Care:	\$12.8 million
\$733.4 million	
Total Economic Impact Of Hospital Operations	

Built to Support a Growing Community

- In 2010, a seven-story pavilion was completed at UPMC Passavant, which expanded the size of the emergency department and added 88 beds on various units.
- The pavilion includes six new, state-of-the-art operating rooms outfitted for vascular, neurosurgery, and oncology cases, and two rooms dedicated to image-guided procedures.
- The pavilion also expanded UPMC CancerCenter at UPMC Passavant, which provides highly advanced cancer care in the area.

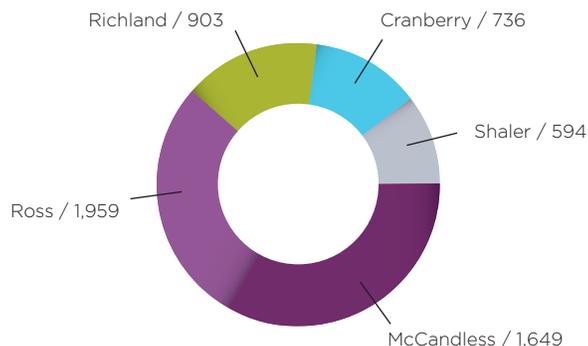

Dedicated to Providing Comprehensive Care

- The hospital is a world-class tertiary care center with programs in heart care, cancer treatment, orthopaedics, and spine surgery.
- UPMC Passavant provides local access to comprehensive women's health care services through programs linked to Magee-Womens Hospital of UPMC, as well as other specialized services.

UPMC Passavant's Cranberry campus provides patients from southern Butler County with easy access to high-quality ambulatory and outpatient services.

UPMC Passavant Employees Strengthen the North Hills

More than 7,800 UPMC employees live in neighborhoods surrounding UPMC Passavant. A majority of them reside in:

CREATING A HEALTHIER COMMUNITY

Working with the Community to Fight Heart Disease and Stroke

- UPMC Passavant collaborates with the Passavant Hospital Foundation on community initiatives, including a stroke support group and an annual conference for stroke survivors that provides an opportunity for patients and caregivers to share experiences and advice.
- UPMC Passavant's Cardiac and Pulmonary Rehabilitation Program offers a team of experts who personalize exercise programs and provide education to improve lifestyle behaviors.

Helping Prevent and Manage Cancer

- UPMC Passavant's Women's Health Cancer Screening Program helps link eligible uninsured and low income women with free breast and cervical cancer screenings provided through the Pennsylvania Department of Health.
- UPMC Passavant's Survivorship Celebration offers psychosocial support and coping strategies for cancer survivors. This past year, 475 individuals attended the event.

The Heart and Vascular Center at UPMC Passavant offers the community programs focused on preventing and managing heart disease and stroke.

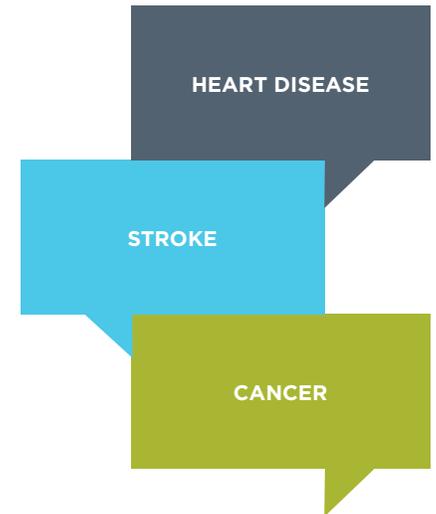

Community events—attended by over 4,000 community participants—held in schools, malls, senior centers, and area businesses promote making heart healthy lifestyle choices.

“ For the past 50 years, UPMC Passavant has been the hospital North Hills residents have counted on for quality care. With its expanded facility and extensive selection of services, there's no reason to go anywhere else. ”

RICHARD HAMILTON
CHAIR, UPMC PASSAVANT
BOARD OF DIRECTORS

LISTENING TO THE COMMUNITY AND ADDRESSING ITS NEEDS:

In 2013, UPMC Passavant conducted a Community Health Needs Assessment which brought together community leaders and public health experts to identify and discuss local health needs. The assessment showed that **heart disease, stroke, and cancer** are important health topics for UPMC Passavant to focus on over the next three years.
