

# 2012 NATIONAL SUMMER STUDENT NURSE INTERNSHIP PROGRAM

Nursing Excellence at UPMC

Excellence Isn't Just a Goal at UPMC. It Is Part of Who We Are.

## Are you a junior nursing student looking for meaningful clinical experience in a nationally acclaimed health care environment?

If the answer is yes, we invite you to enhance your clinical skills and gain valuable experience working in a premier health care system as an intern in UPMC's national summer student nurse internship program. At UPMC, the redefined models of health care delivery and superb clinical outcomes serve the health needs of more than 4 million people each year. UPMC is ranked among the 17 hospitals recognized by *U.S. News & World Report* as "America's Best Hospitals."

### About the Program:

This innovative 2012 national summer student nurse internship program is a paid 10-week internship (May 21 through July 28) for students who are committed to their education and future role as a professional nurse. The internship program goals are to provide the intern with the opportunity to experience professional nursing in a quality driven premier health care system, clinical education experiences that will bridge the gap between academia and practice, and one-on-one mentoring by a dedicated preceptor.

The internship will provide training in pediatrics, behavioral health, neurology/neurosurgery, critical care/med surg, oncology, or transplant nursing.

### Eligibility Requirements:

- Enrollment in a bachelor's degree nursing program
- Completion of junior year by spring 2012
- Minimum QPA/GPA of 3.25 preferred
- Residence outside of the Pittsburgh Region
- Faculty letter of reference preferred
- Attendance at a school outside the Pittsburgh region
- Completion of application materials by deadline  
Items include:
  - > online application materials
  - > essay
  - > submission of official transcripts
  - > selection of hospital choice
- Commitment to the duration of the program and all program professional development workshops

### Application Details:

**The application deadline is Friday, Dec. 9, 2011.**

### What's your vision for a new tomorrow?

Pittsburgh has been designated as one of America's most livable cities. Once known as a "steel town" with an economy solely based on manufacturing, it has undergone an economic transformation centered around health care delivery, technology, and academic excellence. Pittsburgh has something for everyone.
