Criteria Summary Sheet

Facility: Magee Womens Hospital of UPMC

Specialty: FAMILY MEDICINE

| | |
|----------------------|---|
| KNOWLEDGE | Successful Completion of an ACGME/AOA, accredited program |
| TRAINING | The successful completion of an approved postgraduate residency program in Family Medicine |
| CERTIFICATION | Board Eligibility or Board Certification |
| OTHER | <p>At the time of initial appointment, a physician shall demonstrate competency in these procedures either by providing documentation of having performed the given procedure successfully along with the number of procedures performed, or attestation from the Program Director of his/her residency-training program that he/she possesses such competence.</p> <p>At the time of re-credentialing, a physician shall have satisfactorily performed a minimum number of a given procedure within the preceding two years, and must be able to provide such documentation. If the physician is not able to document this number of procedures but believes he or she is qualified, they may demonstrate competency by performing the procedure to the satisfaction of another member of the department who is already credentialed and who will certify that this physician is competent for the procedure.</p> <p>For the following procedures:</p> <ul style="list-style-type: none"> ▪ Lumbar Puncture ▪ Thoracentesis ▪ Paracentesis ▪ Central Venous Catheter Placement ▪ Arterial Line Placement ▪ Bone Marrow Aspirate ▪ Flexible Sigmoidscopy |

GUIDELINES FOR OBSTETRICAL PRIVILEGES

FORCEPS

1. 10 prior procedures and 1 observed until approved, or
2. Extensive past experience and 1 observed until approved, or
3. 10 observed with approval, unless officially deemed qualified with fewer observations by the Joint Training Committee.

VACUUM EXTRACTION

1. 5 prior procedures and 1 observed until approved, or
2. Extensive past experience and 1 observed until approved, or
3. 5 observed procedures with approval, unless officially deemed qualified with fewer observations.

FOURTH DEGREE LACERATION REPAIR

1. 5 prior procedures and 1 observed until approved, or
2. Extensive past experience and 1 observed until approved, or
3. 5 supervised procedures with approval, unless officially deemed qualified with fewer observations

PITOCIN INDUCTION/AUGMENTATION

1. 10 prior procedures and 1 supervised until approved, or
2. Extensive past experience and 1 supervised until approved, or
3. 10 supervised procedures with approval, unless deemed qualified with less supervision

PROSTAGLANDIN CERVICAL RIPENING

1. 5 prior procedures and 1 supervised until approved, or
2. Extensive past experience and 1 supervised until approved, or
3. 5 supervised procedures with approval, unless deemed qualified with less supervision.

AMNIOINFUSION

1. 5 prior procedures and 1 supervised until approval, or
2. Extensive past experience and 1 supervised until approved, or
3. 5 supervised procedures with approval, unless deemed qualified with less supervision.

LIMITED DIAGNOSTIC ULTRASOUND

1. Satisfactory completion of an obstetrical ultrasound course (specifically covering the limited exam for family physicians), including at least 5 exams on pregnant women, or
2. 10 prior exams and 1 observed until approved, or
3. Extensive past experience and 1 observed until approved, or

4. 10 observed exams with approval, unless deemed officially qualified with less supervision.
5. Letter of approval from Department of Radiology.

These guidelines serve as a useful basis, but are not an absolute requirement, to determine whether request for additional privileges is appropriate given level of experience. It is the intention to allow the Joint Training Committee the necessary latitude to decide if fewer or greater observed procedures are required before extending privileges will be granted by recommendation to the Department of Family and Community Medicine.

It is the right of the physician seeking privileges to make a formal written complaint to the Joint Training Committee, if he or she feels an inability to coordinate the mandated observations and it is obstructing their ability to achieve their stated goal. It is the responsibility of the Committee to facilitate the necessary observations.
