A Guide to Your Surgery at UPMC East

Welcome to UPMC East and thank you for choosing our hospital to provide your health care services. Our care revolves around our values:

**Dignity & Respect**
We treat all individuals with dignity and respect.

**Quality & Safety**
We create a safe environment where quality is our guiding principle.

**Caring & Listening**
We listen to and care for our fellow employees, our physicians, our patients, our members, and our community.

**Responsibility & Integrity**
We perform our work with the highest levels of responsibility and integrity.

**Excellence & Innovation**
We think creatively and build excellence into everything that we do.

We strive to provide you with the world-class health care that you deserve.

**Important Information**
For your health and safety, please follow the instructions below. If you do not follow the instructions, your surgery may need to be postponed or canceled.

- Please only take the medicines as instructed by your doctor and preadmission nurse.
• Some medicines, vitamins, and herbal supplements should be stopped before surgery. Please check with your surgeon or primary care doctor (PCP) before surgery.

• Let your surgeon’s office know if you have any symptoms of a cold, fever, or infection, or if you have any changes in the level of your pain, numbness, or sensitivity.

• Remember to bring your x-ray/CT/MRI films the day of your surgery if you are told to do so.

• If you are having any type of sedation or anesthesia, you cannot drive a car and must have a responsible adult take you home. If you are taking public transportation (ex: bus), you must have a responsible adult accompany you. You must have someone stay with you for 24 hours after your surgery.

Testing Before Surgery
You need to have all testing completed immediately following the scheduling of your surgery. If your surgeon requests that you have any testing, such as blood work, an EKG, or a chest x-ray, please schedule an appointment at the UPMC East Preoperative and Outpatient Testing Center by calling Central Scheduling at 412-357-3400.

UPMC East Preoperative and Outpatient Testing Center
Appointments can be scheduled for the following times.

**Monday, Wednesday, Thursday, and Friday:** 7 a.m. to 5 p.m.
**Tuesday:** 7 a.m. to 7 p.m.
**Saturday:** 7 a.m. to noon (pre-op testing and blood work only)
**Phone:** 412-357-3176
**Fax:** 412-357-3426

If you are having your testing done at a facility other than UPMC East, please have that facility forward all test results to the Preadmission Department at UPMC East. Please see page 3 for details.
Preoperative History and Physical/Preoperative Medical Evaluation

• Schedule your appointment with your PCP.
• Complete your preoperative testing. Your doctor may need to review the results of your preoperative tests. If possible, you should have your testing done before your PCP visit.
• Preoperative history and physicals need to be completed within 30 days before the scheduled date of surgery.
• If you are unable to see your PCP before your surgery, please let your surgeon know. The UPMC East Preoperative and Outpatient Testing Center may be able to provide this service, but you will need a prescription from your doctor.

You will receive a phone call from a UPMC East preadmission nurse 1 to 2 days before your surgery.

• Please have a list of all your medicines, including over-the-counter medicines, vitamins, and herbal preparations, available for reference.
• Please have a list of allergies, including medicines, food, or latex, available for reference.
• Please have a list of your medical history and past surgery experiences.
• Please have the name and phone number of your PCP available.
• Please have the name and phone number of your pharmacy available.
• Please note that your scheduled surgery is subject to time change.
• We will send an education video (EMMI) to your email that is specific to your surgery. Please watch this video.
• Please tell us about any special needs during this phone call (translators, accommodations, etc.).
Day Before Your Surgery

- Do not eat or drink after midnight. This includes chewing gum, breath mints, and water.
- Do not smoke or chew tobacco 24 hours before surgery.
