

## Being Mortal: Medicine and What Matters in the End

Join us for a free screening and discussion of the PBS FRONTLINE documentary *Being Mortal*. Based on the best-selling book by Dr. Atul Gawande, this film explores the hopes of patients and families facing terminal illness and their relationships with the doctors, nurses and family members who care for them.

See the film and be part of a national conversation that brings medical professionals and community members together around the shared responsibility of discussing what matters most to patients and families facing difficult treatment decisions and how to have these conversations ahead of a medical crisis.

*Sponsored in part by Great Lakes Hospice and Villa Maria School of Nursing at Gannon University.*
