VISITORS INFORMATION GUIDE

UPMC Presbyterian

Your Care. Our Commitment.
Welcome

Welcome to Pittsburgh and UPMC. An important part of the care we provide is helping our patients and their families to become familiar with their surroundings. Our primary concern is our patients’ health and well-being, but we know this may be a difficult time for their loved ones, too.

Inside, you will find information about the hospital, the neighborhood, and the city of Pittsburgh to help you feel more at home. This brochure was created especially for the families and friends of patients at UPMC Presbyterian, which includes UPMC Montefiore. The Eye & Ear Institute as well as Western Psychiatric Institute and Clinic of UPMC are also part of the UPMC Presbyterian family.

Pittsburgh, A ‘Livable City’

Visitors to Pittsburgh often find it to be a pleasant surprise. Downtown Pittsburgh sits on a triangle of land in a valley of green hills where the Allegheny and Monongahela rivers join at the historic Point to form the Ohio River. The city has been listed among the nation’s best cities in which to live and work.

Pittsburgh is a regional center for business, industry, research, education, recreation, and the arts. Few of the steel mills that once gave Pittsburgh its prominence remain. Today, the health care industry, high-tech companies, and service industries employ many Pittsburghers.

Pittsburgh is enriched by a vibrant cultural life and ethnic diversity. It’s a major city with a small-town atmosphere. Newcomers frequently comment on the city’s friendliness. You may hear Pittsburghers call it “someplace special.”

Should you have an opportunity to explore Pittsburgh during your stay, this booklet offers many suggestions for things to do. Additional information is available on the Visit Pittsburgh website at www.visitpittsburgh.com.

UPMC, A Leader in Health Care

UPMC is the premier health system in western Pennsylvania and a leading nonprofit health system in the United States. With a vision for the future, UPMC has developed a broad network of health care services, including hospitals that provide advanced care for complex illnesses, specialty hospitals for women and children, a behavioral health facility, community hospitals, a health insurance organization, and an array of other health care services such as long-term care and home care.

UPMC has internationally renowned programs in transplantation, cancer, otolaryngology, geriatrics, neurosurgery, psychiatry, and sports medicine, among others. Over the last decade, UPMC has shared its high-tech medical expertise by establishing patient care facilities in other countries.
UPMC partners with the University of Pittsburgh Schools of the Health Sciences to provide quality patient care, to increase biomedical knowledge through research, and to educate health care professionals for the future.

Because of UPMC’s size and the breadth of its specialty areas, you may find it both exciting and a bit overwhelming. You can learn more about UPMC at UPMC.com.

The Hospital Campus

In the Oakland section of Pittsburgh you will find the hub of UPMC — UPMC Presbyterian, UPMC Montefiore, and a host of other facilities. UPMC Presbyterian is the flagship hospital of UPMC and an international center for organ transplantation. The hospital campus is expansive and complex. Because the hospital is university-affiliated, an array of highly trained staff will contribute to the care of your loved one.

Navigating Services and Facilities
The resources listed on the next pages will help you to navigate the services and facilities of UPMC Presbyterian.

PATIENT RELATIONS
Support is available to both patients and their families through Patient Relations. Our Patient Relations coordinators will be glad to assist you with any questions, concerns, or problems you may have. Office hours are Monday through Friday, 7 a.m. to 7 p.m., and Saturday, 8 a.m. to 4:30 p.m. To reach Patient Relations, please call 412-647-7615.

CONSIDERATION FOR OTHERS
We ask visitors to show consideration in the hospital, especially in common areas such as family lounges and waiting rooms. Respect creates a pleasant environment. Please speak softly, do not litter, and make room for others.
WALL MAPS
Color-coded wall maps are displayed at key points inside the UPMC Presbyterian buildings. The maps show how to find your way through the campus. Each map shows your location. Look for the “You are here” marker.

WAYFINDING BROCHURE
In brochure holders at the Information Desks and near the wall maps, you can pick up the “Guide to UPMC Presbyterian and Its Oakland Facilities.” This 4 inch by 9 inch, fold-out brochure contains walking, parking, and driving maps, and directions to help you find your way to, on, and from the UPMC Presbyterian campus. The brochure is available by calling either the Information Desk in the UPMC Presbyterian lobby at 412-802-3170 or the Information Desk in UPMC Montefiore on 7 Main lobby at 412-692-2532.

INFORMATION PHONES
White information phones are mounted at wall locations throughout the hospital. Look for a blue overhead sign with a white question mark. When you pick up the phone, it will ring at an Information Desk. A staff member will identify the location of your call and give you directions to your destination or will assist you with other needs.

Information phones can be found at 4 locations:
• Pedestrian bridge between UPMC Presbyterian and UPMC Montefiore, at the Montefiore end.
• Pedestrian bridge between UPMC Presbyterian and UPMC Montefiore, across from the Eye & Ear Institute entrance.
• Hallway intersection near the main visitor elevators at UPMC Presbyterian on the third floor.
• Walkway between UPMC Presbyterian and Falk Medical Building, near the Falk end.
INFORMATION DESKS

Information Desks at UPMC Presbyterian are located in the main lobby and on the third floor. The Information Desk at UPMC Montefiore is in the 7 Main lobby.

PATIENT HANDBOOK

Another source of information about UPMC Presbyterian is the Patient Handbook. The handbook tells you about hospital policies, hospital services, patient care, billing, discharge (leaving the hospital), and patients’ rights and responsibilities. You or your loved one will receive a Patient Handbook when your loved one is admitted to the hospital. The handbook is also available by calling either the UPMC Presbyterian registration office at 412-647-3628 or the UPMC Montefiore registration office at 412-648-6167.

COMMUNICATION AIDS

For patients and visitors who are hearing impaired or deaf, the hospitals offer printed educational materials, amplified telephones, closed-captioned television, sign language interpreters, and a TDD (portable telecommunications device for the deaf). For a TDD or any of the aids listed above, ask the nursing staff on your patient unit. Sign language interpreters are provided by the Center for Hearing and Deaf Services. If possible, please give advance notice. To arrange for an interpreter, call Patient Relations at 412-647-7615.

The UPMC Center for International Patient Relations can arrange for language translation services for patients and their families at no cost. If you need language translation services, please call International Patient Relations at 412-648-6262, send an email to internationalcenter@upmc.edu, or go to http://internationalpatients.upmc.com. After business hours (Monday through Friday, 9 a.m. to 4 p.m.), call 412-647-2345 and ask the hospital operator to page the international liaison on call, pager number 6666.

Safety in the Hospital

CELL PHONES AND WIRELESS
Please read and follow all signs posted in the hospital about restrictions on the use of cell phones, wireless computers, and other wireless devices that transmit radio signals. Restrictions may exist in hospital areas such as operating rooms, transplant intensive care rooms, and radiology imaging rooms. Do not use cell phones or any wireless device within 6 feet of medical equipment in patient care areas.

CONDITION HELP
We view each patient and their family as our partners in care. If you feel something is not right with the patient’s care, Condition Help is a way to tell us. Call Condition Help if the patient has a noticeable medical change and you have alerted the health care team, but they have not recognized the concern.

Call Condition Help about a breakdown in how care is given to the patient or confusion over what care is needed. The patient or the family may place the call. Dial 647-3131 from any hospital phone. Give your name, your location, and the patient’s room number. Condition Help will be announced via the overhead pager system, and a unit nurse will come to assess the medical need. Patient Relations will connect to you by phone so that you can voice your concern and we can begin resolving the issue.
SAFETY AND SECURITY
Please be extra careful and safety conscious in the hospital. Do as staff members ask in order to keep all of our patients, visitors, and staff safe. Patients who arrive with valuables at the hospital should give them to a family member or arrange to store them with Security. Security is available 24 hours a day. If you need assistance, you can reach Security at 412-647-3191.

SMOKE-FREE CAMPUS
To protect our patients, visitors, and staff from the harmful effects of second-hand smoke, smoking is not permitted anywhere on UPMC property. All UPMC hospitals, facilities, and grounds, including parking lots, garages, and other outdoor locations, are smoke-free. UPMC has no designated smoking areas. If you choose to smoke, you cannot do so on any UPMC campus.

Anyone who smokes does so against UPMC’s advice and assumes the risk for any consequences. For information about smoking and how to quit, access the patient education materials on UPMC’s website at http://patienteducation.upmc.com (select Smoking).
