New Castle

UPMC Jameson, the regional hub for acute care and cardiovascular services, recently unveiled the new UPMC Heart and Vascular Institute at the hospital as well as an updated ambulatory care clinic, which houses the UPMC Jameson Center for Wound Healing. Improvements to our patient care units will be evident in the renovated unit corridors, nurses' stations, and patient rooms. In nearby Union Township, the UPMC Outpatient Center in Westgate Plaza provides another convenient location for services including imaging and primary care.

UPMC Horizon

UPMC Jameson

A Regional Approach

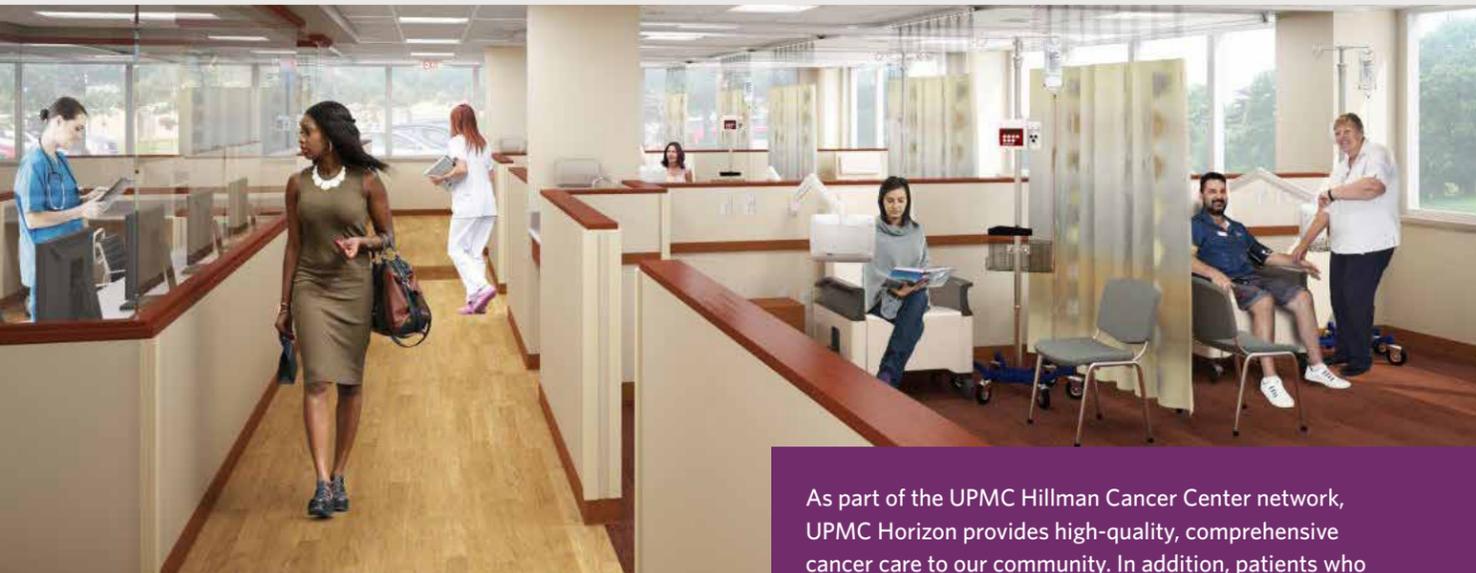

UPMC Horizon and UPMC Jameson are bringing advanced health care technology and specialty physicians right to our patients in Lawrence and Mercer counties.

UPMC is providing access to a full range of services right in your neighborhood.

Our regionalized approach to health care, which encompasses our locations in Greenville, the Shenango Valley, and New Castle, includes services ranging from outpatient surgery and emergency care to women's health, cancer services through UPMC Hillman Cancer Center, and advanced cardiac care.

UPMC is investing significant capital dollars in our region to update and expand services available at UPMC Horizon and UPMC Jameson. Recent construction projects, including the UPMC Heart and Vascular Institute at UPMC Jameson and emergency department and operating room improvements at UPMC Horizon-Shenango Valley, are just a few examples of UPMC's commitment to Lawrence and Mercer counties.

As part of the UPMC Hillman Cancer Center network, UPMC Horizon provides high-quality, comprehensive cancer care to our community. In addition, patients who seek cancer treatment at UPMC Horizon have access to the clinical trials available through the University of Pittsburgh.

Greenville

With patient convenience in mind, UPMC Horizon's hospital campus in Greenville hosts a wide range of services under one roof, including diagnostic imaging, outpatient surgery, and inpatient services. A full-service Emergency Department is available 24 hours a day, seven days a week. In addition, a significant investment has been made at the Greenville campus to enhance wireless services, which are necessary to support new patient care technology.

Primary and specialty care services, including women's health and orthopaedics, are available at Greenville Medical Center-UPMC, located a short distance from the hospital on Shenango Street in Greenville.

Services at UPMC Horizon-Greenville

- Emergency Department
- Imaging services, including x-ray, CT, PET/CT, MRI, ultrasound, bone density screenings, and digital mammography
- Inpatient care
- Outpatient surgery
- Outpatient laboratory and testing

Services at Greenville Medical Center-UPMC:

Shenango Valley

Located in Farrell, Pa., UPMC Horizon-Shenango Valley is the regional hub for women's health, including The Birth Place at UPMC Horizon, and hosts a variety of inpatient and outpatient services. By the end of 2017, the Shenango Valley campus will gain additional space for patient rooms to accommodate our growing patient volumes. Also later this year, the hospital will unveil its newly renovated and expanded emergency department as well as enhanced surgical services. The Womancare Center of UPMC Horizon in Hermitage, Pa., houses additional outpatient services as well as specialty offices.
