</tr>
<tr>
<td>OTHER</td>
<td>To be eligible for core privileges in Psychiatry, the applicant must meet the following qualifications: Documentation of the provision of inpatient, outpatient or consultative psychiatric services for at least 30 patients during the past two years, or demonstration of the provision of substantive competent clinical service in the core privilege during the past two years, or demonstration of the same under supervision for a minimum of six months before being independently privileged</td>
</tr>
</tbody>
</table>

The following privileges require submission of documentation confirming training and experience:
- Buprenorphine
- Electroconvulsive Therapy (ECT)
- Vagus Nerve Stimulation (VNS)
- Child and Adolescent Psychiatry
- Hypnosis

**BUPRENORPHINE PRIVILEGES**
Within the past two years:
- Obtained and provided documentation of a waiver of privilege of prescribing this medication from SAMHSA/CSAT/DEA. AND
- Provided an updated DEA Certificate AND
- I have, with respect to the treatment and management of opioid-addicted patients, completed not less than eight hours of
**Buprenorphine** training (through classroom situations, seminars at professional society meetings, electronic communications, or otherwise) that is provided by the American Society of Addiction Medicine, the American Academy of Addiction Psychiatry, the American Medical Association, the American Osteopathic Association, the American Psychiatric Association, or any other organization that the Secretary determines is appropriate for purposes of this sub clause AND

- I agree to use the medication per the recommendations included in the Federally-approved trainings.

**ELECTROCONVULSIVE THERAPY (ECT) PRIVILEGES**

- I have, with respect to the consultation and administration of ECT, completed not less than twelve hours of ECT training (through clinical practicum, didactic instruction, seminars at professional society meetings, visiting fellowships or otherwise) that is provided by the Association for Convulsive Therapy, the American Psychiatric Association, University Schools of Medicine accredited by the Accreditation Council for Continuing Medical Education or any other organization that is appropriate for purposes of this sub clause AND

- I agree to provide consultations and administer ECT according to the clinical guidelines developed by the ECT Program.

**VAGUS NERVE STIMULATION (VNS) PRIVILEGES**

**Within the past two years:**

- I have, with respect to the consultation and administration of VNS, completed not less than four hours of VNS training (through classroom situations, seminars at professional society meetings, or otherwise) that is provided by the American Psychiatric Association, University Schools of Medicine accredited by the Accreditation Council for Continuing Medical Education or any other organization that is appropriate for purposes of this sub clause AND

- I have provided care for patients with treatment-resistant depression.

- I agree to provide consultations and administer VNS according to the clinical guidelines developed by the Adult Mood and Anxiety Service.

**Initial Appointment Child and Adolescent Psychiatry:**

- Required previous experience: The applicant must demonstrate by means of a clinical log the successful management of at least 24 pediatric psychiatry cases in the past 24 months. Experience garnered during training may be included.
- References: Reference letters from three psychologists or physicians familiar with the applicant’s experience and expertise and with whom the applicant has worked in the preceding two years are required.

- Exceptions may be considered in unusual circumstances with approval of the division chief, department head and credentials and MEC committees.
