Criteria Summary Sheet

Facility: **Children’s Hospital of Pittsburgh of UPMC**

Specialty: **PEDIATRIC MEDICINE**

TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none">• Completion of a three (3) year pediatric or family medicine residency program approved by the Accreditation Council for Graduate Medical Education (ACGME) or the American Osteopathic Association (AOA) or equivalent foreign training.• Must be American Board certified in the area of their specialty by the appropriate ABMS or AOA accredited board within five (5) years of becoming eligible to sit for the examination. *Exceptions may be considered in unusual circumstances with approval of the division chief, department chairman, Credentials and Medical Executive committees.
VOLUME/EXPERIENCE	<p><u>General Pediatric Core:</u></p> <p><u>Initial:</u> Required previous experience: The applicant must demonstrate by means of a case/procedure log the successful management of at least twenty-four (24) pediatric/and or newborn cases in the past 24 months of active clinical practice. Experience garnered in training may be included.</p> <p><u>Reappointment:</u> Reappointment shall be based on objective results of care according to existing quality of care mechanisms; activity must comply with the Professional Staff Bylaws.</p> <ul style="list-style-type: none">• Applicant must demonstrate that they have maintained competence by verifying to the satisfaction of the division chief that they have managed twenty-four (24) pediatric and/or newborn cases in the past 24 months – either inpatient or outpatient office. <p>➤ 30 Category I CME’s (five (5) must be patient safety/risk management related) All CME’s must be within the past 24 months).</p>

	<p><u>Special Privileges</u></p> <p>In order to be granted special privileges upon initial/reappointment an applicant must have performed at least five (5) of each of the following requested procedures during the past twelve (12) months. Procedures must be documented by a case/procedure log.</p> <ul style="list-style-type: none"> ➤ Tympanocentesis ➤ Skin Biopsy ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
TRAINING/EDUCATION/BOARD STATUS	<p><u>ADOLESCENT MEDICINE</u></p> <p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric/Family Medicine/Internal Medicine/Obstetrics/Gynecology Residency • Two (2) or Three (3) year Adolescent Medicine Fellowship • Initially board certified in Pediatrics, Family Medicine, or Internal Medicine • Individuals who have had extensive experience in adolescent medicine or have a specific area of expertise (e.g.; Ob/Gyn, Toxicology, Sports Medicine, Psychiatry, etc.) may qualify with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees. • Ongoing board certification in Adolescent Medicine, OB/GYN, or Emergency Medicine.
VOLUME/EXPERIENCE	<p>Initial: Required previous experience: The applicant must demonstrate by means of a case/procedure log the successful management of 300 Adolescent Medicine and/or 100 Adolescent Gynecology cases in the past 24 months.</p> <p>Reappointment: 50 Adolescent Medicine and/or 100 Adolescent Gynecology cases in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME’s – (five (5) must be patient safety/risk management related. All CME’s must be within the past 24 months). <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> ➤ Colposcopy with or without biopsy (Performed at least 20 in the past 24 months) ➤ Cryotherapy (Performed at least 5 in the past 24 months) ➤ Gynecological tissue biopsies (Performed at least 10 in the past 24 months) ➤ IUD insertion and removal (Performed at least 10 in the past 24 months)

	<ul style="list-style-type: none"> ➤ Subcutaneous contraceptive implant insertion and removal (Performed at least 10 in the past 24 months) ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS ➤ Gynecologic surgery, to include laparoscopy, treatment of ovarian diseases, uterine/cervical disease, vulvar disease (to include laser of vulva), and laparotomy for gynecological problems. If patient requires admission for post-operative care, he/she must be admitted to the service of a surgeon on the Active Medical Staff (Board certified or Board qualified in OB/GYN) ➤ Toxicology (Performed at least 20 adolescent medicine cases in the past 24 months)
	<u>ALLERGY/IMMUNOLOGY/INFECTIOUS DISEASE</u>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric/Internal Medicine Residency • Initially, Board certified in Pediatrics or Internal Medicine • Ongoing board certification in Allergy and Clinical Immunology
VOLUME/EXPERIENCE	<p>Initial: 200 Pediatric Allergy/Immunology cases in the past 24 months Reappointment: 200 Pediatric Allergy/Immunology cases in the past 24 months</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months). <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> ➤ Epicutaneous, intradermal & patch skin tests (Performed at least 50 in the past 24 months) ➤ Interpret methacholine and specific antigen provocation challenge tests and/or supervise, dispense and administer allergenic extracts (Performed at least 2 in the past 24 months) ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<u>BEHAVIORAL HEALTH</u>
TRAINING/EDUCATION/BOARD STATUS	<p><u>Psychology Core:</u> Ph.D, or Psy.D or equivalent International degree</p> <ul style="list-style-type: none"> • Completion of a Doctoral degree in Psychology (or a closely related area) by an accredited program • Psychologist must be licensed, which includes a passing grade on the National Psychology Licensing Exam (EPPP, Examination of the Professional Practice of Psychology), and a passing grade under the direct supervision of an experienced licensed psychologist.

<p>VOLUME/EXPERIENCE</p>	<p>Initial: The applicant must demonstrate by means of a clinical log the successful management of at least 24 pediatric psychology cases in the past 24 months. Experience garnered during training may be included.</p> <p>Reappointment: 24 pediatric psychology cases in the past 24 months.</p> <ul style="list-style-type: none"> • 30 Category I CME’s – (five (5) must be patient safety/risk management related. All CME’s must be within the past 24 months).
<p>TRAINING/EDUCATION/BOARD STATUS</p>	<p>Neuropsychology Core: PhD, or PsyD or equivalent International degree</p> <ul style="list-style-type: none"> • Completion of a Doctoral degree in an accredited program and completion of a 2-year postdoctoral fellowship in an Association of Postdoctoral Programs in Clinical Neuropsychology (APPCN) program or at another equally qualified postdoctoral training site. Training must contain a specific pediatric component that includes assessment, diagnosis, and treatment planning. • Neuropsychologist must be licensed, which includes a passing grade on the National Psychology Licensing Exam (EPPP, Examination of the Professional Practice of Psychology), and a passing grade under the direct supervision of an experienced licensed psychologist. Board certification by the American Board of Professional Psychology (ABPP) is encouraged. •
<p>VOLUME/EXPERIENCE</p>	<p>Initial: The applicant must demonstrate by means of a clinical log the successful management of at least 24 pediatric neuropsychology cases in the past 24 months. Experience garnered during training may be included.</p> <p>Reappointment: 24 pediatric neuropsychology cases in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME’s - five (5) must be patient safety/risk management related. All CME’s must be within the past 24 months. <p>Special Privileges</p> <ul style="list-style-type: none"> ➤ Hypnotherapy (Performed at least 12 in the past 24 months)
	<p>CARDIOLOGY</p>
<p>TRAINING/EDUCATION/BOARD STATUS</p>	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric/Med-Peds Residency • Pediatric Cardiology Fellowship • Initially board certified in Pediatrics • Ongoing board certification in Pediatric Cardiology • Individuals certified in adult Cardiology who have had extensive experience in Pediatric Cardiology or have a specific

	<p>area of expertise (e.g.; cardiac mapping, cardioversion, interventional procedures) may qualify with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees.</p>
<p>VOLUME/EXPERIENCE</p>	<p>Initial: <u>300</u> Pediatric Cardiology cases in the past 24 months Reappointment: <u>100</u> Pediatric Cardiology and/or Cardiac catheterization in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months). <p>Special Privileges Cath/Interventional</p> <ul style="list-style-type: none"> ➤ Diagnostic cardiac catheterization (<i>Initial:</i> Performed at least <u>100</u> catheterization cases in the past 24 months – <i>Reappointment:</i> Performed at least <u>20</u> catheterization cases in the past 24 months) ➤ Interventional cardiac catheterization (<i>Initial:</i> Performed at least <u>30</u> catheterization cases in the past 24 months – <i>Reappointment:</i> Performed at least <u>15</u> catheterization cases in the past 24 months) ➤ Placement of umbilical artery/vein catheter (<i>Initial:</i> Performed at least <u>6</u> in the past 24 months - <i>Reappointment:</i> Performed at least 2 in the past 24 months) ➤ Endomyocardial biopsy (<i>Initial:</i> Performed at least <u>10</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>5</u> in the past 24 months) <p>Non-Invasive Imaging</p> <ul style="list-style-type: none"> ➤ Transesophageal Echocardiogram (<i>Initial:</i> Performed at least <u>50</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>15</u> in the past 24 months) ➤ Fetal Echocardiography (<i>Initial:</i> Performed at least <u>10</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>5</u> in the past 24 months) ➤ Transthoracic Echocardiography (TTE) (<i>Initial:</i> Performed at least <u>50</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>15</u> in the past 24 months) <p>Electrophysiology</p> <ul style="list-style-type: none"> ➤ Radiofrequency ablation (<i>Initial:</i> Performed at least <u>10</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>5</u> in the past 24 months) ➤ Pacemaker Insertion (<i>Initial:</i> Performed at least <u>10</u> in the past 24 months - <i>Reappointment:</i> Performed at least <u>5</u> in the past 24 months)

	<p>Miscellaneous</p> <ul style="list-style-type: none"> ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<p><u>CHILD ADVOCACY</u></p>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric Residency • Fellowship program in Forensic Pediatrics or GME program in Emergency Medicine, Child Development, or Infectious Disease • Initially board certified in Pediatrics • Ongoing board certification in Pediatrics
VOLUME/EXPERIENCE	<p>Initial: 25 child maltreatment cases of variable type in the past 24 months</p> <p>Reappointment: 25 child maltreatment cases of variable type in the past 24 months</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months). <p>Special Privileges</p> <ul style="list-style-type: none"> ➤ Anoscopy (Performed at least 25 in the past 24 months) ➤ Colposcopy (Performed at least 25 in the past 24 months) ➤ Completion of forensic rape kit (Performed at least 12 in the past 24 months) ➤ Pelvic or genital exam under anesthesia (Performed at least 2 in the past 24 months) ➤ Removal of foreign body from vagina and/or anus (Performed at least 2 in the past 24 months)
	<p><u>CRITICAL CARE MEDICINE</u></p>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric Residency • PCC fellowship in Pediatric CCM, or Pediatric Cardiology plus one additional year of Critical Care Medicine, for those with practice limited to Pediatric Cardiac Critical Care • Initially board certified in Pediatrics • Ongoing board certification in Pediatric Critical Care Medicine • Individuals certified in Internal Medicine, Anesthesiology or Pediatric Surgery and who have had extensive training or experience in Pediatric Critical Care Medicine may qualify with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees.
VOLUME/EXPERIENCE	<p>Initial: 200 Pediatric Critical Care cases in the past 24 months</p> <p>Reappointment: 150 Pediatric Critical Care cases in the past 24 months</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months).

	<p><u>Special Privileges</u> *Initial/Reappointment – Performed at least 50 combined “Special” privileges listed in the column titled “Special Privileges” in the past 24 months</p> <ul style="list-style-type: none"> ➤ Consultative services and admitting privileges for all pediatric patients admitted who require critical care ➤ Airway management, including endotracheal ➤ Central venous access (percutaneous or by cutdown) ➤ Arterial access (percutaneous or by cutdown) ➤ Pulmonary arterial catheter placement (percutaneous or by cutdown) ➤ Initiation and management of mechanical ventilation, including high frequency ventilation ➤ Placement of thoracostomy tubes ➤ Placement of pericardiocentesis tubes ➤ Placement of paracentesis tubes ➤ Initiation and management of vasoactive and/or antiarrhythmic drug administration ➤ Management of patients on extracorporeal membrane oxygenation (ECMO) ➤ Management of continuous renal replacement therapy (CRRT) ➤ Management of elevated intracranial pressure ➤ Administration and management of intermittent and continuous sedation, analgesia, and intravenous anesthetics, for management of critically ill patients, as well as for procedural and deep sedation ➤ General management of single and multiple organ failures, including but not limited to shock, respiratory failure, coma, renal failure, hepatic failure, coagulopathy ➤ Management of cardiopulmonary resuscitation ➤ Command physician responsibilities for critical care transport
	<p><u>DERMATOLOGY</u></p>
<p>TRAINING/EDUCATION/BOARD STATUS</p>	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Initially board certified in Dermatology • Ongoing board certification in Pediatric Dermatology
<p>VOLUME/EXPERIENCE</p>	<p>Initial: 100 Pediatric Dermatology cases in the past 24 months Reappointment: 50 Pediatric Dermatology cases in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME’s – (five (5) must be patient safety/risk management related. All CME’s must be within the past 24 months). <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> ➤ Anesthesia, local (Performed at least 1 in the past 24 months) ➤ Biopsy (Performed at least 1 in the past 24 months) ➤ Biopsy, knife surgery (Performed at least 1 in the past 24

	<p>months)</p> <ul style="list-style-type: none"> ➤ Cryosurgery (Performed at least 1 in the past 24 months) ➤ Electrosurgery (Performed at least 1 in the past 24 months) ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<u>DEVELOPMENTAL/BEHAVIORAL</u>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Initially board certified in Pediatrics, Internal Medicine, and/or Family Medicine • Ongoing board certified in Developmental/Behavioral Pediatrics or Neurodevelopmental Disabilities • Individuals certified in an adult specialty who have a particular interest and experience in Developmental and/or Behavioral Medicine may treat and consult within specifically requested areas (e.g.; adults with Down Syndrome in the clinic setting) with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees.
VOLUME/EXPERIENCE	<p>Initial: 100 Developmental/Behavioral Pediatric cases in the past 24 months</p> <p>Reappointment: 50 Developmental/Behavioral Pediatric cases in the past 24 months</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months). <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<u>EMERGENCY MEDICINE</u>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Initially board certified in Pediatrics or Emergency Medicine • Ongoing board certification in Emergency Medicine or Pediatric Emergency Medicine • Completion of Emergency Medicine Residency or Pediatric Residency • Completion of Pediatric Emergency Medicine Fellowship • Current ACLS Certification • Initial Appointment Only: ATLS Certification
VOLUME/EXPERIENCE	<p>Initial: 360 Pediatric Emergency Medicine cases in the past 24 months</p> <p>Reappointment: 240 Pediatric Emergency Medicine cases in the past 24 months</p> <ul style="list-style-type: none"> ➤ One-hour education session conducted annually by the Pediatric Emergency Medicine trauma liaison, OR, complete

	<p>48 hours of trauma related external CME in three (3) years; twelve (12) must be pediatric trauma related. These trauma credits may be applied to the thirty (30) Category 1 CME requirements.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related. All CME's must be within the past 24 months). <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> ➤ Management of Toxicology (Performed at least 12 in the past 24 months) ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<u>ENDOCRINOLOGY & DIABETES</u>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric, Internal Medicine, or Family Medicine Residency • Initially board certified in Pediatrics or Internal Medicine • Ongoing board certification in Pediatrics Endocrinology
VOLUME/EXPERIENCE	<p>Initial: 20 Pediatric and/or Adolescent Weight Management and Wellness cases in the past 24 months.</p> <p>Reappointment: 20 Pediatric and/or Adolescent Weight Management and Wellness cases in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's - five (5) must be patient safety/risk management related. All CME's must be within the past 24 months. <p><u>Special Privileges</u></p> <ul style="list-style-type: none"> • Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
	<u>GASTROENTEROLOGY</u>
TRAINING/EDUCATION/BOARD STATUS	<p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric/Internal Medicine Residency • Pediatric Gastroenterology Fellowship • Initially board certified in Pediatrics • Ongoing board certification in Pediatric Gastroenterology • Individuals certified in Adult Gastroenterology who have had extensive experience in Pediatric Gastroenterology or have a specific area of expertise (e.g.; ERCP) may qualify with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees.
VOLUME/EXPERIENCE	<p>Initial: 200 inpatient and/or outpatient Pediatric Gastroenterology cases in the past 24 months.</p>

	<p>Reappointment: 50 inpatient and/or outpatient Pediatric Gastroenterology cases in the past 24 months.</p> <ul style="list-style-type: none"> ➤ 30 Category I CME’s – (five (5) must be patient safety/risk management related. All CME’s must be within the past 24 months). <p>Special Privileges</p> <p>*Initial/Reappointment – Performed at least 70 combined “Special” privileges listed in the column titled “Special Privileges” in the past 24 months with the exception of ERCP.</p> <p>UPPER ENDOSCOPY</p> <ul style="list-style-type: none"> ➤ EGD with variceal sclerotherapy or banding ➤ EGD for control of hemorrhage ➤ EGD with dilation of esophageal stricture or achalasia ➤ Endoscopy with percutaneous gastrostomy tube placement (PEG) ➤ Endoscopy with conversion of gastrostomy tube to jejunal tube ➤ Enteroscopy for control of hemorrhage (via upper endoscopy) ➤ Ileoscopy through stoma for control of Hemorrhage <p>Endoscopic Retrograde Cholangiopancreatography (ERCP)</p> <ul style="list-style-type: none"> ➤ ERCP, diagnostic (Performed at least 20 in the past 24 months) ➤ ERCP, therapeutic (Performed at least 20 in the past 24 months) <p>Lower Endoscopy</p> <ul style="list-style-type: none"> ➤ Colonoscopy with or without biopsy ➤ Colonoscopy with polypectomy ➤ Colonoscopy for control of hemorrhage <p>Therapeutic Colonoscopy</p> <ul style="list-style-type: none"> ➤ Dilatation of strictures <p>Motility and pH Probe Studies</p> <ul style="list-style-type: none"> ➤ Esophageal manometry ➤ Antroduodenal motility ➤ Colonic motility ➤ Anorectal manometry <p>Miscellaneous Procedures</p> <ul style="list-style-type: none"> ➤ Percutaneous liver biopsy ➤ Paracentesis ➤ Procedural Sedation (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
TRAINING/EDUCATION/BOARD STATUS	<p>HEMATOLOGY/ONCOLOGY</p> <p>MD or DO or equivalent International degree</p> <ul style="list-style-type: none"> • Pediatric/Internal Medicine Residency

	<ul style="list-style-type: none"> • Pediatric Hematology/Oncology and Bone Marrow Transplantation Fellowship • Initially board certified in Pediatrics • Ongoing board certification in Pediatric Hematology/Oncology • Individuals certified in Adult Hematology/Oncology and Bone Marrow Transplantation who have had extensive experience in Pediatric Hematology/Oncology and Bone Marrow Transplantation or have a specific area of expertise (e.g.; stem cell transplantation) may qualify with the approval of the Division Chief, Department Chair, Credentials and Medical Executive Committees.
VOLUME/EXPERIENCE	<p>Initial: <u>150</u> Pediatric Hematology/Oncology & Bone Marrow Transplantation cases in the past 24 months</p> <p>Reappointment: <u>150</u> Pediatric Hematology/Oncology & Bone Marrow Transplantation cases in the past 24 months</p> <ul style="list-style-type: none"> ➤ 30 Category I CME's – (five (5) must be patient safety/risk management related.
