Delineation of Privileges Request
Criteria Summary Sheet

Facility: **Children’s Hospital of Pittsburgh of UPMC**

Specialty: **PHYSICAL MEDICINE AND REHABILITATION**

TRAINING/EDUCATION/BOARD STATUS	MD or DO or equivalent International degree <u>Pediatric Physical Medicine & Rehabilitation:</u> <ul style="list-style-type: none">• Physical Medicine & Rehabilitation (PPM&R) residency program approved by the ACGME or AOA• Pediatric residency program approved by the ACGME or AOA <u>OR</u> successful completion of a two (2) year Pediatric Rehabilitation Medicine fellowship approved by the ACGME <u>OR</u> have at least three (3) years of Pediatric Rehabilitation Medicine practice experience.• Initially board certified in Physical Medicine & Rehabilitation• Initially board certified in Pediatrics• Ongoing board certification in Physical Medicine & Rehabilitation• Ongoing board certification in Pediatrics
VOLUME/EXPERIENCE	<u>Pediatric Physical Medicine & Rehabilitation:</u> <u>Initial:</u> <u>100</u> Pediatric PM & R cases in the past 24 months of active clinical practice. <u>Reappointment:</u> <u>100</u> Pediatric PM & R cases in the past 24 months of active clinical practice. <ul style="list-style-type: none">➤ <u>30</u> Category I CME’s (five <u>5</u> must be patient safety/risk management related) All CME’s must be within the past 24 months. <u>Special Privileges</u> <ul style="list-style-type: none">➤ <u>EMG/NCV with Interpretation</u> (Performed at least <u>5</u> in the past 24 months)➤ <u>EMG anal/urethral sphincter</u> (Performed at least <u>2</u> in the past 24 months)➤ <u>EMG larynx</u> (Performed at least <u>2</u> in the past 24 months)➤ <u>Osteopathic Manipulative Therapy</u> (Performed at least <u>2</u> in the past 24 months-must have been trained in osteopathic manipulation)➤ <u>Acupuncture</u> (Performed at least <u>10</u> in the past 24 months)➤ <u>Therapeutic Ultrasound Joints</u> (Performed at least <u>2</u> in the

past 24 months)

- **Joint Aspirations** (Performed at least 2 in the past 24 months)
- **Intra-articular Installations of Steroids and/or Local Anesthetics** (Performed at least 2 in the past 24 months)
- **Hip Arthrography and Injections** (Performed at least 2 in the past 24 months)
- **Baclofen Intrathecal Pump-Refill and Management** (Performed at least 2 in the past 24 months)
- **Selective Nerve Root Blocks/Motor Point Blocks** (Performed at least 2 in the past 24 months)
- **Botulinum Toxin injections/Phenol injections** (Performed at least 2 in the past 24 months)
- **Chemodervation of parotid and submandibular; salivary glands bilateral** (Performed at least 1 in the past 24 months)
- **Chemodervation of neck muscle(s)** (Performed at least 2 in the past 24 months)
- **Chemodervation of extremity and or trunk muscles** (Performed at least 2 in the past 24 months)
- **Phenol Neurolysis** (Performed at least 2 in the past 24 months)
- **Moderate Sedation** (Performed at least 20 in the past 24 months) – One of the following certifications required – PALS, ATLS, and/or ACLS
- **Fluoroscopy** (Certificate Required)

***Must have fellowship training in Pain Management or similar training to qualify for the following special procedures, may be considered as qualified if they have been credentialed to do so at other UPMC facilities. Any exception to this requirement may be made following approval from the Division Chief, Physician-in-Chief, Credentials and Medical Executive Committees:**

- **Spinal Cord Stimulator Implants** (Experience in adult procedure is sufficient)
- **Cervical Discography** (Experience in adult procedure is sufficient)
- **Lumbar Discography** (Experience in adult procedure is sufficient)
- **Epidural Injection for Pain Control** (Experience in adult procedure is sufficient)
- **Cervical Transforaminal Epidural Steroid Injections** (Experience in adult procedure is sufficient)
- **Cervical Interlaminar Epidural Steroid Injections** (Experience in adult procedure is sufficient)
- **Cervical Intra-articular Zygapophysial Joint Injections** (Experience in adult procedure is sufficient)

	<ul style="list-style-type: none">➤ Thoracic Epidural Injections (Experience in adult procedure is sufficient)➤ Thoracic facet joint injections (Experience in adult procedure is sufficient)➤ Thoracic Transforaminal Epidural Steroid Injections (Experience in adult procedure is sufficient)➤ Lumbar Transforaminal Epidural Injections (Experience in adult procedure is sufficient)➤ Lumbar Interlaminar Epidural Injections (Experience in adult procedure is sufficient)➤ Lumbar Zygapophysial Joint Injections (Experience in adult procedure is sufficient)➤ Caudal Epidural Injections(Experience in adult procedure is sufficient)➤ Prolotherapy (Experience in adult procedure is sufficient)➤ Platelet Rich Plasma Therapy (Experience in adult procedure is sufficient)➤ Radiofrequency ablation of the SI Joint(Experience in adult procedure is sufficient)➤ Cervical Diagnostic Medical Branch Blocks (Experience in adult procedure is sufficient)➤ Thoracic medial branch Radiofrequency ablation (Experience in adult procedure is sufficient)➤ Cervical Medial Branch Radiofrequency Neurotomy (Experience in adult procedure is sufficient)➤ Lumbar Medial Branch and Doral Ramus Blocks (Experience in adult procedure is sufficient)➤ Lumbar Medial Branch Radiofrequency Neurotomy (Experience in adult procedure is sufficient)➤ Thoracic medial branch blocks(Experience in adult procedure is sufficient)➤ Lumbar Sympathetic Blocks (Experience in adult procedure is sufficient)➤ Ganglion Impar Blocks (Experience in adult procedure is sufficient)➤ Superior Hypogastic Blocks (Experience in adult procedure is sufficient)➤ Intercostal Nerve Blocks (Experience in adult procedure is sufficient)➤ Stellar Ganglion Block (Experience in adult procedure is sufficient)
--	---

	<ul style="list-style-type: none">➤ IDET (Experience in adult procedure is sufficient)➤ IDET for lumbar disc annular tears (Experience in adult procedure is sufficient)➤ Bone Marrow Biopsy for Regenerative Injection Therapy (Experience in adult procedure is sufficient)➤ Ultrasound Guided Joint Injections/Aspirations/Blood Draws (Experience in adult procedure is sufficient)
