Criteria Summary Sheet**

If training was received through an approved course, the applicant must demonstrate that they have performed at least 5 prostate seed implantation procedures in the last 12 months with satisfactory outcomes.

Reappointment:

The applicant must demonstrate that he or she has maintained competence by demonstrating the performance of at least 10 prostate seed implantation procedures in the last 12 months with satisfactory outcomes.

References:

At letter of reference must come from the department chairperson at the hospital where the applicant currently has or has had prostate seed implantation privileges, or from the director of the physician's residency program. If not a part of the residency program, then a letter from the course director will be required.

FLUOROSCOPY

To be eligible to request this privilege, the applicant must provide evidence of training by submitting a certificate of training regarding minimizing risks from fluoroscopic x-rays. If this has not been previously acquired, a learning module will be forwarded for completion prior to recommending this privilege. Maintenance of competence: Annual education will be provided by the hospital, which will be assessed for completeness at reappointment.
