

**UPMC | University of Pittsburgh Medical Center**

**For Reference Only**

**VASCULAR SURGERY 2013**

**Summary of Services and Availability (by location)**

Each location has sufficient space, equipment, staffing and financial resources in place or available in sufficient time as required to support each requested privilege. On an ongoing basis, the organization consistently determines the resources necessary for each requested privilege related to the facility's scope of service.

Please review the following **Summary of Services and Availability by Location** prior to making your selections. If a facility is specifically identified below as NOT having a privilege/service available, you will NOT be considered for that privilege at that individual facility. Any request made that is identified as not available at an individual site will be considered Not Applicable for that site(s), and will be identified as such on your final approved Delineation of Privileges form.

“x” means Privilege is Available at that location.

“C” means contractual arrangement restricts granting this privilege.

“N/A” means Privilege Not Available at that location.

**Facility Codes:**

HAMOT= UPMC Hamot

<b>Privilege</b>	<b>HAMOT</b>
<b>Core privileges</b>	<b>X</b>
<b>Consultation privileges</b>	<b>X</b>
<b>CEREBROVASCULAR</b>	
Carotid revascularization	<b>X</b>
Vertebral revascularization	<b>X</b>
Extra anatomic cerebrovascular bypass	<b>X</b>
Median Sternotomy for Vascular Reconstruction of Great Vessels	<b>X</b>
Innominate Bypass	<b>X</b>
<b>THORACIC OUTLET</b>	
Rib Resection	<b>X</b>
Neurolysis	<b>X</b>
Venous and or Arterial Reconstruction	<b>X</b>
<b>THORACIC AORTIC REPAIR</b>	
Thoracotomy for Vascular Reconstruction	<b>X</b>
Open Repair of Thoracic and Thoracoabdominal Aneurysm	<b>X</b>
Direct repair of ruptured aneurysm of innominate, subclavian artery by thoracic incision	<b>X</b>
Thromboendarterectomy, subclavian, innominate, by thoracic incision	<b>X</b>
Left Heart Bypass (Bio Medicus)	<b>X</b>
<b>ABDOMINAL AORTA</b>	
Mesenteric/visceral vessel reconstruction	<b>X</b>
Splenectomy	<b>X</b>
Abdominal/Iliac reconstruction	<b>X</b>
