What can I expect at my appointment?
- During your appointment, you will be asked to confirm the information provided during the pre-enrollment process, provide your form of I.D., provide your Social Security Number, and have your picture taken. You will not be processed if you cannot produce the acceptable photo ID you selected to bring during the pre-enrollment process.
- After the identity of the applicant has been established, all ten fingers are scanned to complete the process. The entire fingerprint capture process should take no more than three to five minutes.
- The applicant’s scanned fingerprints will be electronically transmitted to the FBI as required by federal statute.

What are the next steps of the process after I submit my fingerprints?
- The Department of Human Services (DHS) will receive the Federal Criminal History Record from the FBI. The DHS’s Background Check Unit through ChildLine and Abuse Registry will return the Federal Criminal History Record to you. The Record will be printed on standard 8.5” X 11” paper that when copied will reveal “Void if Copied.”. This does not prohibit an employer from copying an applicant’s results letter, it is solely a means to verify that it is an official record.
- You must then provide the original Act 73 FBI Clearance to UPMC for verification.

What happens if my fingerprints are rejected by the FBI?
Poor fingerprint detail may be caused by age, trade, or some other environmental/physical condition. In the case of a fingerprint rejection by the FBI, applicants are requested by the FBI to submit a second set of fingerprints, at no charge to the applicant. This second submission must occur before alternative means of conducting a federal background can be initiated. If an applicant receives an FBI rejection letter they must submit a second set of fingerprints if they wish to complete their applicant background check. Individuals should take their rejection letter and proper identification to the nearest Pennsylvania Fingerprint location. A second fingerprint submittal will be conducted at no charge. Individuals do not need to re-register for their second fingerprinting session if they received an FBI rejection letter. If an individual’s fingerprints are rejected a second time by the FBI, notification is forwarded to ChildLine by the FBI. ChildLine will then conduct a name based check based on the demographic information on the initial application. Results of the FBI name based record check are also forwarded by the FBI to ChildLine for interpretation.

What happens if I do not receive my official Federal Criminal History Record?
After your fingerprints have been submitted, do not contact the fingerprint site. The fingerprint site does not have the ability to provide an update on the status of their background check nor are they involved in the summary execution of your background check.

Complete processing of the FBI Criminal History Record should take no longer than 14 days. If you do not receive your results from Department of Human Services within this time frame, please contact the FBI Background Unit at 717-783-6211 or 1-877-371-5422.
