

Make sure you create an [emergency preparedness plan](#) that includes a care plan for family members and pets.

## What We Can Do

The [“Parents of UPMC” Yammer group](#) may be used by employees to share information with one another, to help facilitate a conversation between individuals who are in need of temporary child care, and those who are interested in delivering care through a direct person-to-person child care arrangement. We are hopeful that when UPMC staff come together to work through challenges, great solutions are discovered.

*As a person seeking child care or preparing to deliver child care, you are strongly encouraged to proceed with caution and engage in appropriate due diligence to ensure the safety and security of your child or children and yourself. The decision to seek or deliver child care, outside of an approved child care facility, is at your own risk and is conducted pursuant to the terms and conditions established by the parties.*
