

UPMC TELECONSULT CENTER

Uniontown

Referring Patients to the UPMC Teleconsult Center in Uniontown

About the UPMC Teleconsult Center

The UPMC Teleconsult Center in Uniontown connects patients in your area directly to UPMC specialists in Pittsburgh. Using HIPAA-secure videoconference equipment in a patient exam room, dedicated clinical staff oversees live video patient visits. The UPMC Teleconsult Center gives your patients unparalleled access to expert specialty care while avoiding long-distance travel and related time and expenses.

Patient Benefits

- Convenient access to specialists
- Reduced travel time and expense
- Reduction in duplicate testing and procedures

How to Refer Patients

When you identify a patient to refer to one of the specialty telemedicine services, please contact the departments directly at the numbers listed on the back. Patients will receive a confirmation of their scheduled appointment date and time, arrival time, and information on how to change or cancel the appointment.

Faxing Medical Records

Prior to the appointment, fax medical records to both the UPMC Teleconsult Center in Uniontown and to the specialty department (fax numbers listed on the back).
