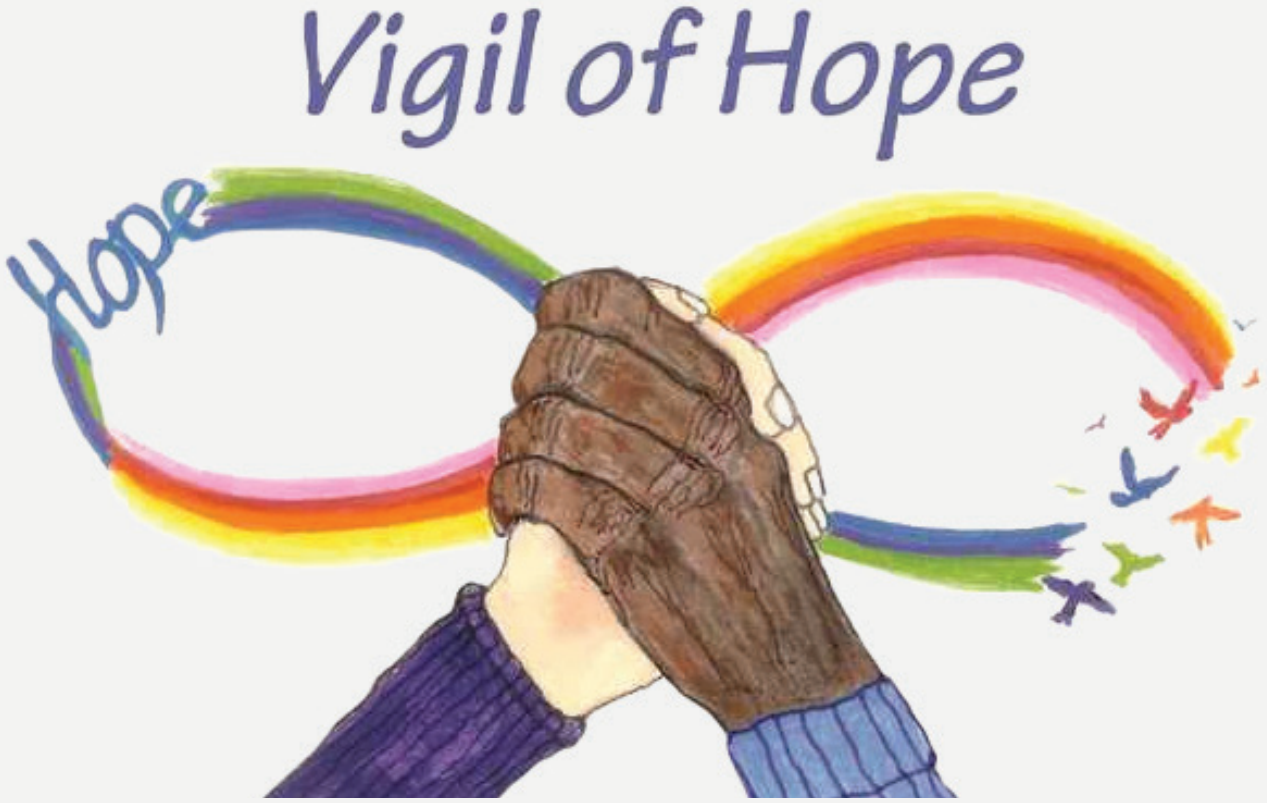
Maria House Project

Vigil of Hope



A memorial service to remember and honor those who have died from substance abuse causes.

Safe Harbor Behavioral Health of UPMC Hamot, Family Hospice (formerly Great Lakes Hospice) and Maria House Project have teamed up to offer a special memorial service to remember those lost to substance use or substance use related death. Addiction to drugs or alcohol takes thousands of lives each year. Grieving family and friends are left not only with a loss, but with the stigma of how their loved one passed. This Vigil of Hope is open to anyone who has been affected by a substance abuse loss. Please join us in honoring your loved ones and raising awareness in our community.

For more information, call **814-451-2241** or **814-877-6913**.
