

## MOMS WHO TRUST OUR EXPERIENCE HAVE A BETTER ONE.

When it comes to the care of you and your newborn, experience matters. At Great Lakes Home Healthcare, we take great pride in bringing you some of the area's most experienced nurses in the specialty areas of labor and delivery, post-partum, nursery, neonatal intensive care, and gynecology. Collectively, our nurses, have over 40 years of home care experience and an additional 80 years of nursing expertise in maternal child health.

Giving birth can be overwhelming with many questions to follow. Our Maternal Child Health program is designed to answer those questions and meet the needs of women and their children at home. Services include prenatal care for high-risk pregnancies, care for mom and baby after early discharge, and pediatric care.

## STAY HOME WITH CONFIDENCE

Through improved technology and advances in medicine, women are leaving the hospital sooner and continuing their care at home if necessary. If you are worried about caring for you or your child, we can help.

Working under the direction of your physician, Great Lakes Home Healthcare brings a full range of medical services right to your door.

Rest assured, every member of our staff is professional, experienced and specially trained in maternal child care. A nurse is available 24 hours a day to respond to emergencies or answer any questions you may have.

Through care planning, management and evaluation, Great Lakes Home Healthcare makes sure the care you receive from your physician or the hospital continues at home. And because our care includes education, we help you take a more active role in your treatment or therapy. This approach enhances your independence and often leads to a quicker recovery.

Don't forget that you have the right to choose your home care provider. Be sure to share your home care choice with your physician and other health care providers. Ask for Great Lakes Home Healthcare.
