

UPMC Horizon/Jameson General Surgery Lecture Schedule 2018-2019

July 6th

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

July 13

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Physiology of Wound Healing/Basic Science (Bebee)

1000-1100: Surgical Site Infection and Principles of Antibiotic Therapy/

Basic Science (Downes, N.)

July 20

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

July 27

0700-0800: Board Review

0800-0830: M&M

0830-0900: Perioperative fluid mgmt: Mgmt & Needs/Basic Science

(Hsu)

0900-0930: HypoNa & HyperNa: Physiology and Mgmt/Basic Science

(Sturdivant)

0930-1000: HypoK & HyperK: Physiology and Mgmt/Basic Science

(Bebee)

1000-1030: HypoCa & HyperCa: Physiology and Mgmt/Basic Science

(Down, P)

August 3

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0915: Review of Carbohydrate/Lipid/Protein Metabolism/Basic
Science (Morrison)

0915-0930: Nutritional Assessment & Caloric Needs in the Surgical
Patient/Basic Science (Zayshlyy)

0930-0945: Enteral Nutrition: Initiating and Complications/Basic
Science (Muhonen)

0945-1000: TPN: Calculations & Complications/Basic Science (Enders)

August 10

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

August 17

0700-0800: Board Review

0800-0830: M&M

0830-0900: Hemorrhagic/Hypovolemic Shock: Physiology &
Hemodynamics, Critical Care (Brown)

0900-0930: Cardiogenic Shock: Physiology & Hemodynamics
Critical Care (Kennedy)

0930-1000: Neurogenic Shock: Physiology & Hemodynamics
Critical Care (Bebee)

1000-1030: Hemodynamic Drugs: A Review of Actions and Indications
Critical Care (Morrison)

August 24

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Initial Assessment & Mgmt of the Trauma Patient
Trauma (Sturdivant)

1000-1100: Mgmt of Traumatic Brain Injury/Trauma (Hsu)

August 31

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Physiology & Mgmt of the Burn Patient/Trauma (Enders)

1000-1100: Mgmt of Blunt Liver & Splenic Trauma/Trauma
(Downes, N)

September 7

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Esophagus: An Anatomic & Physiology Review
Basic Science (Hsu)

0930-1000: Diagnosis & Workup of the Suspected Esophageal
Perforation/Esophagus (Kennedy)

September 14

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

September 21

0700-0800: Board Review

0800-0830: M&M

0830-0900: Surgical Mgmt of the Esophageal Perforation
Esophagus (Morrison)

0900-1000: Open Esophagectomy: How is it done? (Zayshlyy)

1000-1100: Paraesophageal Hernia Repair: Tips & Tricks to good
Outcomes/Esophagus (Giuseppucci-Faculty Lecture)

October 5

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

October 12

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Stomach: An Anatomic & Physiology Review/Basic Science
(Sturdivant)

1000-1100: Early & Late Complications in Gastric Bypass Surgery
Stomach (Myers-Faculty Lecture)

October 19

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Small Bowel: An Anatomic & Physiology Review
Basic Science (Hsu)

0930-1000: Meckel's Diverticulum: Leave it or Take it/Small Bowel
(Zayshlyy)

1000-1030: SBO: When to operate & When to observe/Small Bowel
(Morrison)

October 26

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Ileostomy: End, Loop, & Closure of: How is it done?

Small Bowel (Muhonen)

0930-1030: Surgical Mgmt of Crohn Disease/Small Bowel (Downes, N)

November 2

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

November 9

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Colon: A Anatomic & Physiology Review/Basic Science
(Sturdivant)

0930-1030: Surgical Mgmt of Colonic Volvulus/Colon (Henwood-Faculty Lecture)

November 16

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Surgical Mgmt of Colon Cancer/Colon (Zayshlyy)

1000-1100: Mgmt of early and late complications of Diverticulitis

Colon (Esper-Faculty Lecture)

November 23

HAPPY THANKSGIVING!

November 30

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Rectum: An Anatomic & Physiology Review/Basic Science

(Hsu)

0930-1000: Bowel Prep: Too Prep or not too Prep? Rectum (Enders)

1000-1030: Mgmt of the Colonic Pseudobstruction/Rectum (Brown)

December 7

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

December 14

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Open Sigmoid Resection with Anastomosis: How is it Done? (Downs, P)

1000-1100: Abdominal Perineal Resection: How is it done? (Brown)

December 21

0700-0800: Board Review

0800-0830: M&M

0830-0930: Abdominal Wall Anatomy: An In-depth Review (Kennedy)

0930-1000: Causes & Mgmt of Rectus Sheath Hematomas/Abdominal Wall (Muhonen)

1000-1100: Techniques in Open Abdominal Wall Reconstruction
Abdominal Wall (Giuseppucci-Faculty Lecture)

December 28

HAPPY HOLIDAYS

January 4

0700-0800: Board Review

0800-0830: M&M

0830-0900: Gallbladder: An Anatomic & Physiology Review/Basic Science (Sturdivant)

0900-1000: Mgmt of Biliary Strictures/GB & Biliary (Downes, N)

1000-1100: Mgmt of Choledochal Cyst/GB & Biliary (Morrison)

January 11

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Laparoscopic Cholecystectomy: How I do it and how to
Avoid the pitfalls (Gilleland-Faculty Lecture)

1000-1100: Open Common Bile Duct Exploration: How is it done?
(Zayshlyy)

January 18

0700-0800: Board Review

0800-0830: M&M

0830-900: Liver Segments, Arterial, & Venous Review/Basic Science
(Hsu)

0900-0930: Bile Duct Anatomy & Variants/Basic Science (Brown)

0930-1000: Mgmt of Cystic Neoplasms of the Liver/Liver (Muhonen)

1000-1100: Mgmt of Hepatocellular Carcinoma/Liver (Kennedy)

January 25

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

February 1

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

February 8

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Thyroid: An Anatomic & Physiologic Review/Basic Science
(Sturdivant)

0930-1000: Workup of the Thyroid Nodule/Endocrine (Downs, P)

1000-1030: Total Thyroidectomy: How is it done? (Morrison)

February 15

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Cystic Neoplasms of the Pancreas/Pancreas (Downes, N)

1000-1100: Diagnosis, Workup, & Staging of Adenocarcinoma of the
Pancreas/Pancreas (Enders)

February 22

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Mgmt of Acute Pancreatitis/Pancreas (Bebee)

1000-1100: Open Whipple Procedure: How is it done? (Muhonen)

March 1

0700-0800: Board Review

0800-0830: M&M

0830-0900: Adrenal Gland: An Anatomic & Physiologic Review/Basic
Science (Hsu)

0900-1000: Mgmt of a Pheochromocytoma/Endocrine (Downs, P)

1000-1100: Adrenal Insuff in the Critically Ill Patient/Endocrine
(Kennedy)

March 8

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Open Inguinal Hernia Repair: How is it done? (Muhonen)

0930-1000: Laparoscopic Inguinal Hernia Repair: How is it done?
(Enders)

1000-1100: Open vs. Laparoscopic Inguinal Hernia Repairs:
How do I choose which one to offer? (Myers-Faculty
Lecture)

March 15

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Spleen: An Anatomic & Physiologic Review/Basic Science
(Sturdivant)

0930-1000: Splenectomy for Hematologic Disorders (Zayshlyy)

1000-1030: Laparoscopic Splenectomy: How is it done? (Enders)

March 22

0700-0800: Board Review

0800-0830: M&M

0830-900: Workup of a Breast mass (Bebee)

0900-0930: DCIS: Diagnosis & Treatment (Brown)

0930-1000: Management of Mastitis & Breast Abscess (Downs, P)

1000-1100: Techniques in Breast Reconstruction (Maalouf-Faculty
Lecture)

March 29

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

April 5

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Workup & Mgmt of a Pneumothorax (Kennedy)

1000-1100: Mgmt of a Hemothorax (Brown)

April 12

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: *Visiting Professor Grand Rounds*

April 18

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Workup & Mgmt of a Pleural Effusion (Downes, N)

1000-1100: Workup & Diagnosis of Mediastinal Masses (Morrison)

April 26

Mock Oral Board Examination

May 3

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: The Arterial Wall: An Anatomic & Physiology Review (Hsu)

0930-1000: Radiographic Imaging for Carotid Occlusive Disease

(Downs, P)

1000-1100: Asymptomatic Carotid Artery Occlusive Disease: Past &
Present (Henwood-Faculty Lecture)

May 10

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Diagnosis and Mgmt of an Aortic Dissection (Zayshlyy)

1000-1100: Diagnosis & Mgmt of Endoleaks S/P EVAR (Esper-Faculty
Lecture)

May 17

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Diagnosis & Mgmt of Aortoiliac Disease (Bebee)

1000-1100: Aortobifemoral Graft: How is it done? (Morrison)

May 24

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Diagnosis and Wkup of Lower Extremity Claudication
(Sturdivant)

1000-1100: Surgical Mgmt of Lower Extremity Claudication (Brown)

May 31

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Prophylaxis & Treatment for Venous Thromboembolism:
Current Evidence Based Guidelines (Muhonen)

1000-1100: Physiologic Consequences & Mgmt of Pulmonary Embolism
(Downes, N)

June 7

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Diagnosis & Mgmt Soft Tissue Sarcomas (Beebe)

1000-1100: Surgical Mgmt of Melanoma (Maalouf-Faculty Lecture)

June 14

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-1000: Hyperbaric Oxygen Therapy: When & Why (Gilleland-Faculty Lecture)

1000-1030: Necrotizing Enterocolitis: Diagnosis & Mgmt (Enders)

1030-1100: Pyloric Stenosis in the Pediatric Patient (Kennedy)

June 21

0700-0800: Board Review

0800-0900: M&M/Radiology Review

0900-0930: Omphalocele vs. Gastroschisis (Muhonen)

0930-1000: Mgmt of an Inguinal Hernia in the Pediatric Patient
(Downs, P)

June 28

Off

Lecture Tallies:

Zayshlyy-7

Morrison-7

Downes, N.-7

Brown-7

Enders-7

Muhonen-7

Kennedy-7

Downs, P.-8

Bebee-8

Sturdivant-8

Hsu-8
