Mark O'Hern  
President, UPMC McKeesport

UPMC McKeesport has a long-standing tradition of providing compassionate, quality health care to all people.

## Our Mission and Vision

### Our Mission

Compassionate, Quality Care and Reverence for All.

### Our Vision

Putting our patients, health plan members, employees, and community at the center of everything we do and creating a model that ensures that every patient gets the right care, in the right way, at the right time, every time.

Harnessing our integrated capabilities to deliver both superb state-of-the-art care to our patients and high value to our stakeholders. Employing our partnership with the University of Pittsburgh to advance the understanding of disease, its prevention, treatment and cure.

Serving the underserved and disadvantaged, and advancing excellence and innovation throughout health care. Fueling the development of new businesses globally that are consistent with our mission as an ongoing catalyst and driver for the benefit of the residents of the region.

## Our Values

### Quality and safety

We create a safe environment where quality is our guiding principle.

### Dignity and respect

We treat all individuals with dignity and respect.

### Caring and listening

We listen to and care for our patients, our health plan members, our fellow employees, our physicians, and our community.

### Responsibility and integrity

We perform our work with the highest levels of responsibility and integrity.

### Excellence and innovation

We think creatively and build excellence into everything that we do.

## Our Signature Services

### UPMC Heart and Vascular Institute

As a Corazon accredited Cardiovascular Service Line of Excellence, the Heart and Vascular Institute at UPMC McKeesport has a tradition of offering the community excellent cardiac care that includes services to prevent, diagnose, and treat heart and vascular disease. The services provided by our board certified cardiologists, vascular surgeons, and interventional radiologists include:

- Elective Percutaneous Coronary Interventions (PCI)
- Left and Right Heart Catheterizations
- Nuclear and Stress Echocardiograms
- Nuclear Medicine
- Pacemaker Insertions
- Transesophageal Echocardiogram

### UPMC Hillman Cancer Center

UPMC McKeesport has been a long-standing leader in oncology services and is part of the prestigious UPMC Hillman Cancer Center network. The UPMC Hillman Cancer Center at UPMC McKeesport allows patients to receive both medical and radiation oncology treatments without traveling far from home. The UPMC Hillman Cancer Center at UPMC McKeesport has introduced a state-of-the-art linear accelerator that will allow oncologists to pinpoint cancer cells, while sparing normal cells.

### Surgical Services

At UPMC McKeesport, our board-certified surgeons and specialists provide a full range of inpatient, outpatient, same-day, and minimally invasive surgical services, so when our patients need surgery, they don't have to travel far from their homes and families.

### Magee Womens Specialty Services

In partnership with UPMC Magee-Womens Hospital, UPMC McKeesport is proud to provide women of all ages with comprehensive, high-quality women's health care services right here in our community, including:

- Ob-gyn
- Magee-Womens Imaging Services
- Urogynecology

### Imaging Services

The Imaging Center at UPMC McKeesport features state-of-the-art imaging technology to offer faster scan times and high-resolution images in a full range of imaging modalities. In addition, UPMC McKeesport's Imaging Center is equipped with Stentor® digital imaging that allows your images to be viewed by physicians and medical specialists at any time of the day or night on their office or home computer, and accessed by any UPMC hospital or facility.

### Diagnostic Services

- 64-slice CT
- Diagnostic Imaging
- IMRT
- Linear Accelerator
- MRI
- Nuclear Medicine
- Vascular Radiology

### UPMC Centers for Rehab Services

Our partnership with UPMC Centers for Rehab Services offers patients access to comprehensive speech, occupational, and physical therapy and sports rehab. We also have a transitional care unit that allows patients needing post-surgical rehabilitation to rehabilitate right in the hospital.

### UPMC Senior Services

Sponsored by the McKeesport Hospital Foundation, UPMC Senior Services at the UPMC McKeesport resource center are open to public and staffed by trained health care professionals who assist seniors, their caregivers, and the entire community with the help and resources they need. You also can call the UPMC Senior Services at UPMC McKeesport help and referral line at **412-664-FIND (3463)**.

### Multispecialty Outpatient Services

UPMC McKeesport offers several on-site outpatient clinics, providing a wide range of outpatient services including:

- Diabetes Education
- Endocrinology
- Podiatry
- Gastroenterology
- Urology
- Renal
- General Surgery
- Neurology
- Nutrition Counseling
- Ob-gyn
- Orthopaedics
- Spine
- Vascular

### UPMC Wound Healing Services

UPMC McKeesport is proud to provide a local, patient-centered treatment center for those suffering from chronic or difficult to heal wounds. Our experts in vascular, plastic, and general surgery as well as podiatry help put patients on a path to healing. We offer hyperbaric oxygen therapy for certain wounds, a non-invasive treatment option that can promote healing.

### Palliative and Supportive Institute

UPMC Palliative and Supportive Institute (PSI) at UPMC McKeesport provides special intervention for the comfort and care of patients suffering from chronic illness. PSI specialists work with the patient's physician to recommend treatments, and with the family for post-discharge care and support.

### Behavioral Health Services

UPMC McKeesport Behavioral Health Services consist of multiple services from emergency department assessments, inpatient acute treatment, long term inpatient treatment and finally consult liaison services to the medical units. The program's therapeutic milieu and adjunct treatment interventions focus heavily on the recovery goal of functional improvement in the patient's ability to meet the daily demands of living, as well as longer term goals of building their overall resilience and quality of life.

### Addiction Medicine

UPMC McKeesport Addiction Medicine Services is a 27-bed medically managed intensive inpatient service dedicated to the treatment of patients with substance use disorders (SUDs) and co-existing medical or psychiatric conditions. Treatment helps patients address some of the common challenges of early recovery such as managing cravings, social pressure, boredom, emotions, and mood, as well as engaging in community support programs and building a peer recovery network.
