

As UPMC's tertiary care center north of Pittsburgh, this state-of-the-art hospital offers UPMC's brand of world-class medical care at two convenient campuses in McCandless and Cranberry to serve the communities and counties north of the city.

Our Mission and Vision

Our Mission

To enhance the health of the communities we serve through clinical service excellence.

Our Vision

UPMC will lead the transformation of health care. The UPMC model will be nationally recognized for redefining health care by:

- Putting our patients, health plan members, employees, and community at the center of everything we do and creating a model that ensures that every patient gets the right care, in the right way, at the right time, every time.
- Harnessing our integrated capabilities to deliver both superb state-of-the-art care to our patients and high value to our stakeholders.
- Employing our partnership with the University of Pittsburgh to advance the understanding of disease, its prevention, treatment and cure.
- Serving the underserved and disadvantaged, and advancing excellence and innovation throughout health care.
- Fueling the development of new businesses globally that are consistent with our mission as an ongoing catalyst and driver of economic development for the benefit of the residents of the region.

Our Values

Quality and safety

We create a safe environment where quality is our guiding principle.

Dignity and Respect

We treat all individuals with dignity and respect.

Care and Listening

We listen to and care for our patients, our health plan members, our fellow employees, our physicians, and our community.

Responsibility and Integrity

We perform our work with the highest levels of responsibility and integrity.

Excellence and Innovation

We think creatively and build excellence into everything that we do.

Our Signature Services

Location, Convenience, and Accessibility

UPMC Passavant-Cranberry is located at the intersection of I-79 and the Pennsylvania Turnpike, and is easily accessible from Routes 19 and 228. Our 17-acre campus includes a 35-bed hospital, emergency heliport, medical and professional office buildings, and UPMC Cranberry Place, offering residential assisted living and short-term rehabilitation services.

With comprehensive outpatient diagnostic and surgical services, as well as inpatient and observation programs, UPMC Passavant-Cranberry offers convenient, quality health care to residents of Pittsburgh's northern community.

UPMC Hillman Cancer Center

UPMC Hillman Cancer Center at UPMC Passavant-Cranberry is part of the University of Pittsburgh Cancer Institute, the region's only National Cancer Institute-designated Comprehensive Cancer Center. This association offers patients access to state-of-the-art cancer fighting tools and resources. Our radiation and surgical oncologists work with UPMC's network of medical oncologists to bring advanced diagnosis and treatment close to home. Patients benefit from a team approach and have access to chemotherapy, an infusion center, high-risk clinic, and support services and groups.

Magee-Womens Specialty Services

Ranked among the top hospitals in the nation for gynecological care, UPMC Magee-Womens Hospital is a National Center of Excellence in

Women's Health. Magee-Womens Specialty Services at UPMC Passavant-Cranberry features a wide range of comprehensive diagnostic, surgical, and outpatient services for women of all ages, including:

- Breast surgery (including mastectomy with or without reconstruction)
- Gynecologic oncology
- Lymphedema clinic
- Magee-Womens Imaging Services
- Maternal fetal medicine
- Midlife Health Center
- Obstetrics and gynecology
- Reproductive endocrinology
- Same-day hysterectomy
- Urogynecology
- Wellness clinic

The Comprehensive Breast Center features state-of-the-art diagnostic equipment, including digital mammography and MRI-guided breast biopsy, as well as access to breast cancer specialists — all in one convenient location.

Inpatient Services

UPMC Passavant-Cranberry admits patients in need of additional observation, treatment, and post-surgical care, including those diagnosed with chest pain and unstable angina relieved by intervention in the emergency department, cardiac dysrhythmias requiring medicine

adjustments, altered mental status, electrolyte disturbance, IV antibiotic administration, and gastrointestinal symptoms not requiring procedures. Patients with more serious medical issues are stabilized and transferred to a UPMC hospital that offers appropriate specialty care.

Emergency Services

At UPMC Passavant-Cranberry, our specialists provide 24/7 emergency care for complex illnesses or injuries. A fast-track area offers quick assessment and treatment of minor medical emergencies. An onsite STAT MedEvac® heliport is available for emergency transfers and trauma-related injuries.

Outpatient Services

As health care has advanced so has the range of outpatient services used to diagnose and treat medical conditions. Even complex procedures can now be performed on an outpatient basis. UPMC Passavant-Cranberry offers high quality and personalized outpatient care in a community setting.
