

UPMC

UPMC HILLMAN CANCER HOSPITAL AT UPMC SHADYSIDE

- Consistently ranked by *U.S. News & World Report* as having one of the **best cancer programs in America***
- The **only nationally ranked cancer program in the region**, and the only one designated in the region by the National Cancer Institute as a Comprehensive Cancer Center, with the University of Pittsburgh Cancer Institute
- Among the **largest integrated community cancer networks in the U.S.**, providing world-class care and clinical research to more than **110,000 patients** a year at over **60 locations**
- Allows patients to begin treatment plans and receive follow-up care after surgery **in their own communities** thanks to the UPMC Hillman Cancer Center network
- Where patients seek comprehensive care, second opinions, and clinical trials on **rare cancers and the most challenging medical cases**
- **Employs the latest innovative technologies**, including: intensity-modulated radiation therapy; treatments using RapidArc®, TrueBeam™ STx, and CyberKnife®M6™; and PET-CT planning, which was pioneered by UPMC physicians

* *U.S. News & World Report* rankings are based on UPMC Presbyterian Shadyside data
