UPMC PALLIATIVE AND SUPPORTIVE INSTITUTE

CIRCLE OF LIFE

UPMC Senior Communities is committed to providing the highest quality of care for our residents.

To enhance our services, the UPMC Palliative and Supportive Institute is partnering with Family Hospice and Palliative Care to create a special program to assist residents and loved ones who are dealing with the burdens of serious illness and to offer increased support for those who may be facing end-of-life.

This partnership brings together traditional care and specialized expertise to provide a compassionate, comforting end-of-life transition for residents and loved ones in UPMC Senior Communities residencies.

The Circle of Life supports the individual's wishes and choices. We are dedicated to providing comfort, dignity, respect, and individualized care.

OUR COMMITMENT

We are dedicated to:

- Helping residents through their end-of-life journey as a normal transition in the life cycle.
- Easing the transition from treatment to comfort care.
- Easing pain and symptoms.
- Helping residents through their journey in the way they chose and respecting their choices.
- Providing comfort and support for residents' loved ones.
