

Symposium Objectives

- Learn how two opposite but complementary components impact care for trauma patients
- Discuss collaborative strategies to arrange safe discharge, including respite care, for trauma patients
- Gain an understanding of the epidemiology of childhood falls
- Identify physiologic and anatomic changes in pregnancy pertinent to trauma care
- Recognize common challenges in trauma imaging via case-based review
- Listen to and learn from a heart transplant recipient speak about the life-changing impact of organ donation
- Gain greater understanding about short- and long-term physiologic complications post trauma
- Predict trauma pattern based on evaluation of scene
- Discuss the utilization of whole blood in the resuscitation of the trauma patient
- Identify current treatment modalities for alcohol withdrawal

Planning Committee

Continuing Education

UPMC Provider Unit is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. All participants who attend the entire program and complete an evaluation will be awarded 6.0 continuing education contact hours. **No partial contact hours will be awarded.**

UPMC policy prohibits discrimination or harassment on the basis of race, color, religion, ancestry, national origin, age, sex, genetics, sexual orientation, gender identity, marital status, familial status, disability, veteran status, or any other legally protected group status. Further, UPMC will continue to support and promote equal employment opportunity, human dignity, and racial, ethnic, and cultural diversity. This policy applies to admissions, employment, and access to and treatment in UPMC programs and activities. This commitment is made by UPMC in accordance with federal, state, and/or local laws and regulations.
